# Site Map

## Community commitments

### Resident Letter

- A letter drop is sent to homes in the local area with key operational information (date TBC).

### Local Residents Meetings

- Resident meeting held in advance of the event, and one post event debrief session.

### Ticket Giveaways

- Complimentary tickets for local residents.
- Tickets donated to participating charities.

## Sound management

- Event organisers work with Sound Management Consultants to implement a robust Sound Management Plan, to promptly resolve any resident complaints and ensure that noise levels remain within limits agreed with the Local Authority.
- Sound Management Consultants monitor noise levels throughout the event.
- Sound levels are monitored at dedicated positions, detailed as part of the Premises License.
- A dedicated Resident Hotline Number and Community Email Address will be in operation on event dates so that residents can report any sound concerns directly and swiftly to the organisers (details TBC).
- Soundcheck times expected from 3pm Wed – Fri and from 1pm Sat – Sun.

## Waste management

- Organisers implement a robust Waste Management Plan for the event - both within the site footprint and the surrounding park.
- Dedicated external waste management teams in place to cleanse surrounding areas along public Ingress and Egress routes.
- Sanitation blocks are available for event attendees at key locations along Ingress and Egress routes.
- Internal waste management teams operate a “leave no trace policy”.

## Sustainability

- Event organisers work with a Sustainability Manager to drive directives and ensure Sustainability targets are met across the event.
- Zero Single Use Plastic Policy.
- Meat Free options available at 100% of food trader concessions.
- Water refill stations available across the event site.
- Reduction in CO2 emissions.
- Attendees encouraged to choose greener travel options such as public transport and walking.
- We Leave No Trace - every item goes when we go!

## Ingress and Egress

- Internal and external resourcing of Security and Policing is based on audience capacities and agreed with the Local Authority, the Police and Community Safety Teams in advance of the event.
- Experienced Security Contractors on site 24hrs a day, managing ingress and egress flows, enhanced security checks and monitoring customer behaviour.
- Security Personnel instruct attendees to leave quietly and be mindful of residents.
- Dedicated external waste management teams in place for Ingress & Egress, able to respond promptly to any reports.
- Event Traffic Consultants and Managers work closely with the Local Authority and the Highways and Transport Planning Teams to ensure effective Transport Management strategies.
- Customers encouraged to use public transport or to walk where possible.

## Public Safety

- The event organisers work closely with the Local Authority, the Police and Community Safety Teams to ensure public safety both internally and externally of the event.
- 24hr Security is in place for the duration of the event occupancy and is managed by an experienced Security contractor.
- Security Personnel manage entrance gates, searches and post event dispersal to nearest transport hubs.
- Security Personnel monitor customer behaviour and highlight any welfare concerns to management.
- Comprehensive Fire Safety and Medical Operational Plans and Risk Assessments are produced for the event.
